Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Saturday 29 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Clear night but fog on coasts. Dry and sunny Sunday.

This Evening and Tonight:
A dry and clear evening, but with some fog along the coast. While most places in the west will stay clear through to dawn, mist, fog and low cloud will tend to progress inland from the coast. Minimum temperature 5 deg C (41 deg F).

Sunday:
A fine and dry morning for much of the region, with early mist, fog and cloud retreating toward the coast. Warm by the afternoon with periods of strong sunshine. Maximum temperature 21 deg C (70 deg F).

Outlook for Monday to Wednesday:
Generally dry and warm but cooler on coasts, with mist, fog and low cloud likely to affect coasts, mainly for overnight periods. Becoming breezier with showers possible on Wednesday.
